

Research project: Create a model and fact file of a landmark in London

Key Learning:

To develop knowledge of different landmarks in London

Success Criteria:

- Choose a famous London landmark that interests you
- Create a plan detailing how you will make a model of it.
- Think: what collage materials will you use? What features will you include?
- Create a junk model of the landmark
- Write facts about the landmark

Ways to help:

- *Help your child with carrying out research online or visiting the idea store.
- * Help your child collect junk materials for their model
- *Question them about what they have read to help them understand.
- *Help them plan out their project

Deadline: Tuesday 21st May 2019

If you have any further questions about this research project please speak to your child's teacher.

Online Safety

Online Safety is important at Old Palace Primary. You can keep up to date with Online Safety News in the school monthly newsletter and using the link below:

Year 1 Newsletter Summer 1

Year 1 team:

Ms S Begum —Year 1 Assistant Headteacher

Ms L Begum - IL Class Teacher, Ms Siddika — IS Class teacher,
Hajera and Rahela —Teaching Assistants

Salma, Zahanara, Yarun and Salma - Learning support assistants

Welcome back! We hope you had a restful break. Please remember we are happy to have a chat with you in the mornings and answer any questions you might have or help you where we can.

Notes and Reminders

Year 1 PE is on Tuesdays and Thursdays. Please remember to send your child's PE kit in on these days.

School times and attendance

Thank you to all the children and parents who arrive promptly at school. Please make sure your child arrives at school by 8.55am and is collected by 3.30pm.

Vocabulary

Please see the word of day list for this half term below:

Week 2	braid	shearing	waterfall	beak
Week 3	ditch	descending	toolbox	waddle
Week 4	cocoon	disgusting	wildlife	steep
Week 5	silent	amazing	suitcase	Ferris Wheel

Important Dates:

Royal Mews — Tuesday 7th May 15

Thursday 9th May 1L

- NSPCC Online Safety Workshop for all parents-Wednesday 22nd May 2019 9:15am-10:15am.

Ideas on how to support your child's learning at home.

These are the topics we will be learning:

Literacy:

Fiction:

Children will be reading the story Katie in London. Katie visits several famous London landmarks in the story. They will be answering questions about the story, role playing scenes, sequencing events and re-writing the story. It will be helpful if you could talk to your child about the famous landmarks in London, such as, the London Eye, Big Ben, Buckingham Palace, Houses of Common, Trafalgar Square and Tower Bridge. You can look through pictures of these landmarks on the internet and describe what they look like and learn exciting facts, such as, it takes 30 minutes for the London Eye to go round.

Please continue supporting your child in phonics using the revision sheet given to you during the parent consultation last term.

Numeracy:

Number:

In their number lessons, the children will be continuing to learn their number bonds to 20. They will also be practicing counting up in 2s, 5s and 10s. They will be looking at multiplication and division. They will learn to make groups using a given amount, for example, make equal groups of 2 using 20 cubes. They will also be sharing between 2, 5 and 10, for example, share 24 apples between 2 children.

Please continue working on counting forwards and backwards from different numbers, and in 2's, 5's and 10's. Please also help your child understand bigger/ smaller numbers, for example, can you tell me a number that is smaller than 51? Can you tell me a number that is bigger than 25 and smaller than 30?

Topic: Kings and Queens

This half term, the children will be learning about past Kings and Queens in Britain. They will start the unit by learning about Queen Elizabeth II; looking at how she became the queen, her coronation, her family and the purpose of the monarch. They will move onto learning about King Henry VIII and his wives. They will explore life during the Tudor time, including the renowned banquets that took place. They will have an opportunity to create their very own banquet with Tudor music, dance and food. They will also learn about the duties of a Tudor monarch.

Computing:

This half term, the children will be learning to programme a Beebot successfully. They will be learning that there is a specific computer language which has to be written in a certain way. They will be creating their own instructions to move a Beebot and evaluating the effectiveness of their instructions.

Music:

Children will be exploring beat and rhythm this half term. They will have practise listening to different rhythms and then repeating this rhythm back by clapping or using percussion instruments.

R.E: Belonging

The children will be learning about what it means to belong to a faith community and will explore how this is expressed through different beliefs.

PE:

In PE, children will be learning how to play handball. They will be learning about different types of throws, such as an underarm throw and a chest pass. They will also be working on their catching and defending skills.
