Time2Engage Sessions - Reception Reading workshop

Dear Parent,

Your child has been selected to take part in a 3-week family learning on Reading. Each session will provide parents a learning pack with lots of fun activities to continue at home. The session's aim is to boost your child's confidence, develop their language and support their early reading skills. The sessions are fun, exciting, interactive and practical, allowing parents to work along with their child guiding them and following up with weekly home based tasks too.
