

OLD PALACE PRIMARY SCHOOL

2. Register of Business Interests

The governing body and school staff have a responsibility to avoid any conflict between their business, personal interests and affairs and the interests of the school.

Each governor or member of staff with significant financial responsibilities and their immediate families must complete a declaration form stating their interest.

The completed forms are passed from the Clerk to the Headteacher, who is then responsible for ensuring that all senior staff with financial influence also complete the register of business interest to all interested parties, such as governors, staff and parents.

This register should be held at school and made available on request to all interested parties, such as governors, staff, parents and available for audit inspection. Governors will also submit their completed forms electronically onto Governor Hub.

The Clerk to the Governors updates the register on an annual basis by issuing a form to all governors and staff with significant financial responsibilities. "Nil" returns are required.

It is the responsibility of each governor or such member of staff to advise the clerk of any changes during the course of the year.

A business interest is a directorship, share holding, partnership or other appointment of influence within a business or other organisation, which may have dealings with the school (not just those which have had such dealings).

Interests which cannot be seen as likely to exert influence, or yield significant gain if the school placed business with the organisation concerned, need not be declared. For example, a small holding of shares in a privatised utility could fall into this category whilst a half share in a business supplying stationery to bodies including schools is likely to be relevant.

Guidance as whether an interest should be declared or not is available from the London Borough of Tower Hamlets; however where doubt exists, an interest should be declared.

No governor or member of staff who has an interest in any business, which is a potential supplier of goods or services to the school, shall take part in any decision regarding that supplier as a supplier of goods or services to the school. At any meeting of the board of governors or its sub committees where such conflict occurs, the respective governor or member of staff must immediately withdraw from the meeting and take no part in its deliberations.

Providing that these procedures are followed, the school may contract with any supplier it so chooses having regard to propriety, price competitiveness, quality, timely delivery etc.
