30.01.2023

Dear parents/carers,

This Friday February 3rd 2023 is NSPCC Number Day!

In year 3 and 4 to celebrate number day we have decided to take part in a friendly competition involving schools in the United Kingdom!

It is a 1-day competition, which starts on Friday 3rd February 2023 at 7:30am and ends at 7:30pm.

It is all done online via play.ttrockstars.com. Your children should all log in details to their accounts and be accessing this weekly already to practise their timestables!

On Friday 3rd February, children can play in any game mode and earn points towards the competition. As they play every correct answer to a multiplication or division question will award them one point. These points will go towards their own individual score, their class scores and the schools score!

The Times Tables Rock Stars platform will tally up all of the points and come up with a top player in each class! Winning players in the class will be awarded a prize! Winning classes and schools across the country will be awarded certificates!

To support player wellbeing, there is a time limit of 60-minutes per player. In other words, each player can earn competition points for up to 60-minutes between 07:30am and 7:30pm on Friday 3rd February. Once the player goes beyond 60-minutes of play on that day, they will still earn coins but will no longer earn points towards the competition.

We will allow children a chance to log on and play for 10-15 minutes in school on Friday, but please do encourage them to also log on and play at home that day to earn extra points!

We look forward to seeing all the great mathematical thinking! Best of luck everyone!

Kind regards,
Ms McClelland
Maths Lead
