19th June 2023

Time 2 Engage Sessions – Year 2 and 3 Maths Workshops

Dear Parents/Carers,

Your child has been selected to take part in a 2-week family learning workshop on Maths. The session's aim is to boost your child's confidence and support their fluency skills in Maths. The sessions are interactive and practical, allowing parents to work along with their child guiding them and following up with a weekly home based task too.

Session 1	Session 2
Thursday 22 nd June 2:45pm – 3:30pm	Thursday 6 th July 2:45pm – 3:30pm
Mental addition and subtraction	Times Tables

During each of the sessions, we will focus on different mental calculation strategies. Parents will meet with Ms McClelland at 2:45 to talk about what facts children should be fluent in and how parents can help support this. Children will then come to join in the session at 3:00 and will work with their parents on fun Maths activities that they can continue to use at home to help them with their learning.

If you have any queries in regards to these sessions, please contact Ms McClelland who will be more than happy to assist.

We look forward to seeing you at the sessions.

Kind Regards,

Ms McClelland
