9th January 2024

Dear KS2 parents/carers,

Last half term, Year 6 children were learning about Charles Darwin's work on the evolution of animals. They learnt about how different animals are adapted to survive in different habitats and how the biggest threat to endangered animals has been humans. Unfortunately, human activity is causing some animals to go extinct, through deforestation, pollution and climate change.

After looking on the WWF website (<https://support.wwf.org.uk/adopt-an-animal>) Year 6 decided, as part of their Make it Real project, they would like to adopt 2 animals and raise money to protect endangered animals. 6A would like to adopt a penguin to help fund projects to monitor penguins and their movements whilst 6W would like to adopt a jaguar to help WWF work with local communities to monitor and protect jaguars and their habitat. But they need your help!

On **Thursday 11th January**, KS2 children will have the opportunity to come along to the Year 6 Animal Fair (during the school day) to learn about extinction and take part in different activities, arranged by Year 6. If they would like to purchase any of the activities, KS2 children will be allowed to bring money on this day to do so. Please find the prices below.

Activity	Price
Word search	20p
Crossword	20p
Colouring Sheets	20p
Animal Masks	50p
Toss a bean bag challenge	50p (3 throws)

All proceeds will go directly to the WWF charity.

Thank you for your generosity and continued support.

Kind regards,

Year 6 Team and children.
