Year 2 Make It Real Project – Healthy Living Event

As part of their Science topic 'Healthy Living', Year 2 pupils have been learning all about how we can live a healthy lifestyle. To support their recall of this knowledge, we would like to invite you to come along and participate in a range of activities such as:

- Performance of a short dance to help the children remember what they have learnt
- Presentation of recipe booklet
- Mindfulness session
- Learning a game (this will involve running, so you may wish to wear trainers)

The Healthy Living Event will be held on **Thursday 24th October** at **2:45pm**. Please come through to the **KS1 playground** where you will be directed to **the children's classrooms where the event will begin**. The event will finish around **3:20pm** and parents/carers will be asked to wait in the playground for the children to be dismissed at **3:30pm**.

We look forward to seeing you at the event!

Kind Regards, Year 2 team
